in the subconscious and superconscious planes of mind william walker atkinson delves into the intricate workings of the human mind articulating a groundbreaking framework that distinguishes between the subconscious and superconscious aspects of thought atkinson employs a lucid engaging style drawing upon psychological principles and metaphysical philosophy to explore how these mind planes interact and influence

behavior rooted in the early 20th century new thought movement this work reflects a time of vibrant psychological inquiry revealing atkinson s intention to empower readers with practical insights for personal transformation and spiritual growth atkinson a prolific author and influential figure in the self help genre drew upon a wealth of knowledge from eastern philosophies and western psychological theories his diverse background as a lawyer businessman and metaphysical teacher contributed to his holistic understanding of the psyche this exploration of the subconscious and superconscious underscores atkinson s dedication to promoting self knowledge and spiritual awakening amid the societal challenges of his era the subconscious and superconscious planes of mind is a compelling read for those interested in psychology spirituality and personal development atkinson s work offers invaluable tools for harnessing the power of the mind making it a must read for anyone seeking to unlock their full potential

this book is about the super conscious mind the soul s mind connected to all other minds and the universe this is powered by the intelligence of consciousness and therefore it is beyond time and space it has got the divine power of soul angels and god to guide us on the spiritual path we simply need to learn how to develop this mind and get its guidance in self discovery inward journey and enlightened living with this purpose in mind the book has been designed and structured in such a way that it can be a guidebook for anyone who wants to move on the spiritual path of love peace and harmony this can also help a person in understanding the grand design of god of creating the universe and making human beings realize that the ultimate purpose of human life is spiritual consciousness and not ego consciousness

v 1 the class of books to which the philosophy of the unconscious belongs is all but unrepresented in our literature but the absence of similar home productions can no longer be held to imply either an inability to comprehend their scope or an indifference to their results to what shall we attribute the welcome accorded of late to certain reproductions and elucidations of the master works of modern transcendentalism if not to the awakening of a long repressed desire to re examine the foundations of a spiritual fabric for whose stability an instinctive confidence alone made answer to many two attitudes of mind have become insupportable that of total unconcern about fundamental truth and that of unthinking acquiescence in the admission of merely juxtaposed and uncommunicating spheres of positive knowledge and impenetrable nescience psycinfo database record c 2011 apa all rights reserved

extract the great problems of modern psychology are found to consist largely of the phenomena of the mental operations and activities on planes other than those of ordinary consciousness while the terminology of the subject is still in a state of transition nevertheless certain terms have sprung into common use and are employed tentatively by those who write and teach of these wonderful regions of the mind  
william walker atkinson 1862 1932 was a prolific writer his works treat themes related to the mental world occultism divination psychic reality and mankind s nature they constitute a basis for what atkinson called new psychology or new thought

this is a new release of the original 1909 edition

hearts in transcendence offers an insightful exploration of transcendental consciousness states that challenge the boundaries of human potential these exceptional states of consciousness have been captured throughout literature but seldom is the real tangible and practical significance of exceptional experiences discussed in the modern world this book sets out to do just that to uncover the greater potential of the human being through a practical applied approach to consciousness states and cosmic experiences of transcendence

this book rediscovers a spiritual way of preparing the actor towards experiencing that ineffable artistic creativity defined by konstantin stanislavski as the creative state filtered through the lens of his unaddressed christian orthodox background as well as his yogic or hindu interest the practical work followed the odyssey of the artist from being oneself towards becoming the character being structured in three major horizontal stages and developed on another three vertical interconnected levels throughout the book  
gabriela curpan aims to question both the cartesian approach to acting and the realist psychological line generally viewed as the only features of stanislavski s work this book will be of great interest to theatre and performance academics as well as practitioners in the fields of acting and directing
